

FDA Cleared Wearable-active Ultrasound  
*Accelerated Recovery and Pain Reduction*

sam<sup>®</sup> Sport is the only FDA cleared wearable-active ultrasound for multi-hour treatment to accelerate healing and reduce pain for musculoskeletal injuries. Clinically proven to increase Collagen Laydown, Oxygenated Hemoglobin in Muscles, accelerated Angiogenesis effect for Capillary Development and increased multi-hour Blood-flow. [www.samsport.com](http://www.samsport.com)

Trapezius Back Pain & Spasms

Shoulder Tendinitis and Post-op Recovery

Back Pain and Sciatic Pain

Lateral or Medial Epicondylitis

Hamstring Strain

Knee Pain or Meniscus Tear

Patellar Tendinitis

Plantar Fasciitis

Ankle Injuries and Achilles Tendinitis

*sam<sup>®</sup> Sport will provide injured workers rapid healing and a pain relief modality at home or on the job, seven days a week.*

# Wearable-active Ultrasound

sam<sup>®</sup> Sport

sam<sup>®</sup> Sport is the only FDA cleared wearable-active ultrasound for multi-hour treatment to accelerate healing and reduce pain for musculoskeletal injuries.

Clinically proven to increase Collagen Laydown, Oxygenated Hemoglobin in Muscles, accelerated Angiogenesis effect (Capillary Development) and increased blood-flow.

Typical injuries treated with sam<sup>®</sup> Sport include:

- Chronic Tendinitis: Elbow, Bicep, Shoulder
- Back Pain/Spasms: Lower Back & Sciatic
- Knee: Meniscus Tear, OA & Hyperextension
- Ankle Injuries: Sprain or Frayed Achilles
- Rotator Cuff: Injuries & Post-Op Recovery
- Hamstring Strain and Tears
- Plantar Fasciitis
- Plantar Fasciitis
- Hip Abductor Muscle Injuries
- Groin Pull or Strain
- Post-Op Hip Labrum Tear Recovery
- Knee: MCL Sprain or Tear
- Carpal Tunnel Syndrome
