NEW SANITY G6 FEATURES:

- FDA listed, PDAC approved
- Patented vacuum pump integrated with canister to improve infection control and reduce room odors
- Patented venting system keeps tubing clear and bioburden out of wound
- **Lightweight, 1.8lbs**
- 30 hour battery
- Quiet and easy to use

Sanity G6's UNIQUE patented solutions

- Vacuum pump integrated with canister
- There is NO communication of air, moisture, or infectious materials between the canister and the internal workings, eliminating odor-causing bioburden
- There is NO contact of infectious materials and caregivers or patient
- Patented GelTex dressing kits help insure a better wound seal

Negative pressure wound therapy is frequently associated with foul odors. That odor is what's left behind by all of the previous patients treated by that pump. Truth is FDA indicates that medical devices that are reused must include thorough cleaning and disinfection procedures, including internal pathways and orifices.*

Take the OFFENSIVE, with IodoFoam® antimicrobial foam dressing!

- the first foam dressing with controlled release iodine (loplex*)
- high absorption foam, with the power of iodine to manage would biofilm
- black to white color change indicates iodine depletion (proof positive therapy)

Upgrade from silver, to BlackGold®!

S4502 lodoFoam® 4x5 inch dressing | 8 units/box | 5 boxes/case | PDAC A6210

Add a DEFENSE to any antimicrobial strategy with LipoGel®!

- a solid DEFENSIVE strategy to inhibit biofilms
- in combination with IodoFoam®, prevents drying of wound bed
- in combination with NPWT foams, reduces pain of dressing changes

ST-B001 LipoGel® Advanced Wound Dressing | 30 ml tube | 12 per case | PDAC A6248

The only NPWT system that fully isolates wound fluids. Eliminates the possibility of infectious fluids contaminating pump.

- Best in class portability.
- Silent. Did I turn it on?
- Reduced risk to patients and caregivers.

Sanity G6™

Negative Pressure Wound Therapy System

 Pump Drive PDAC E2402

• 300 & 600 ml Canisters PDAC A7000

GelTex® NPWT dressing kits feature patent-pending ComforCap® tubing connections. Leak free, easy application.

The only NPWT dressing with MODULAR therapeutic options:

- No response? Add IodoFoam® for antimicrobial NPWT.
- Patient Pain? Add LipoGel® to reduce pain and increase compliance.
